EDUCATION

Dr. SPM International Institute of Information Technology Naya Raipur

Aug 2023 – May 2027

Bachelor of Technology in Computer Science

CGPA - 8.13

EXPERIENCE

AI Intern

May 2026 – Jul 2026

ONGC Delhi

On-site, Delhi

- Developed PetroMind, a multi-agent RAG platform focused on ONGC for petroleum engineering research, regulatory compliance, risk assessment, and field data analysis.
- Built a FastAPI and LangGraph workflow featuring vector retrieval, automated PDF/JSON report generation, and LangSmith-based monitoring and debugging for agent execution traces.

Research & Development Intern

Sept 2025 – May 2026

Samsung PRISM Research & Development Institute

Remote, Bangalore, Karnataka

- Developed a RAG powered AI framework for automated visual guide generation (Guide Weave), reducing manual authoring effort by 60% across the documentation team.
- Integrated over 150 knowledge sources into a unified VectorDB pipeline using FastAPI, decreasing average query resolution time for support representatives from approximately 4 minutes to under 30 seconds..

Software Developer Intern

May 2025 – August 2025

Cyber Cell Department Chhattisgarh Police Headquarters

Hybrid, Raipur, Chhattisgarh

- Developed an OCR-based FIR data extraction pipeline using Python and FastAPI, achieving 90% field accuracy and eliminating manual entry for 750+ reports per day
- Engineered a real-time news relevance scoring system that ranked statewide FIR incidents by severity, reducing triage time for the media monitoring team by approximately 50%.

PROJECTS

ModuLearn | [Website](#) | [Github](#) | *HTML, CSS, JavaScript, React, Node.js, Supabase, Render*

Jan 2026 – May 2026

- Developed a full-stack AI learning platform using React, TypeScript, and Supabase, generating LLM-curated learning paths from three input types: topic, PDF, and URL, achieving 90%+ content relevance.
- Integrated LLM APIs, PDF parsing, and Judge0 sandboxed code execution, facilitating 50+ live coding runs per session within a unified interface.

Voice Pay | [Website](#) | [Github](#) | *HTML, CSS, React, JavaScript, SQL*

Jan 2025 – May 2025

- Developed a voice controlled payment web app featuring QR based verification and API driven transactions, decreasing unauthorized transaction risk by 2% through multi-layer fraud checks.
- Developed a responsive React UI with Framer Motion animations and an accessible voice-input UX, reducing payment task completion time for low typing users by 35%.

PUBLICATIONS

Memory Forensics-Based Malware Detection Tool

2026

2026 International Conference on Emerging Technologies (ETFI)

- Developed MemScan, a Python-based memory forensics tool utilizing Volatility 3 and custom YARA rules to detect fileless malware in live memory, achieving analysis speeds approximately 26x faster than manual triage.
- Created a multi-layer detection pipeline that accurately identifies injected memory regions, accepted at the 2026 International Conference on Emerging Technologies (ETFI).

SKILLS

Databases: MySQL, Firebase, PostgreSQL, Supabase, MongoDB, VectorDB

Frameworks & Libraries: React, FastAPI, Node.js, Express, Flask, Tailwind CSS

AI/LLM & Agentic Systems: LangGraph, Agentic AI Systems, AI Agents, LangChain, Langfuse, LangSmith, Multi-Agent Systems, MCP (Model Context Protocol), RAG (Retrieval-Augmented Generation)

Programming Languages: Python, C, C++, JavaScript, SQL, HTML, CSS

Tools & Platforms: Git, GitHub, VS Code, Postman, Google Cloud Run, Render, Docker, Linux, GitHub Actions

LEADERSHIP / EXTRACURRICULAR

Vice Secretary

Shutterbug

IIIT Naya Raipur

- Honored as "Best Club of the Year" by the Media and IT Cell for excellence in creative media initiatives.
- Managed a 30-member media team focused on photography, design, and social media to enhance student engagement.
